

Chase Kliment

Full Stack Developer | Software Engineer

Littleton, CO | 720-545-6079 | stepintoliquid@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

TECHNICAL SKILLS

Frontend: React, React Native, Redux, JavaScript, Svelte, HTML, CSS

Backend: Node.js, Express, SQL, PostgreSQL, Python, Flask, Sequelize, MongoDB, SQL Alchemy

Expertise: Agile/SCRUM, AWS, Docker, REST APIs, CI/CD

PROJECTS

ikonPractice, *Principal Engineer, Co-Founder* - React | Node.js | Express | PostgreSQL | AWS | Docker [Live](#) | [GitHub Repo](#)

- Developed a HIPAA-compliant SaaS platform for dental practices with features like real-time scheduling, custom digital forms, internal messaging, and tablet-based check-ins.
- Integrated with Open Dental's API for imaging uploads, patient syncing, and reconciliation workflows.
- Led full-stack architecture, implemented modular component design, and deployed scalable backend services.

BoundTogether, *Full Stack Developer* - React | Python | Flask | SQL Alchemy [Live](#) | [GitHub Repo](#)

- Implemented personal library management feature with full CRUD functionality using React for the frontend, Flask for the backend, and SQL Alchemy for database operations, allowing users to efficiently manage their book collections.
- Utilized React components and a consistent left navigation bar with a modern color scheme to create an intuitive user interface, improving usability and navigation.

FastApp, *Full Stack Developer* - Svelte | AWS | CSS

- Optimized application performance and refined the authentication flow using efficient code restructuring and authorization solutions.
- Delivered a cleaner, faster web application that exceeded client expectations.

EXPERIENCE

Freelance Software Developer 2024 - Present

- Collaborated with clients to design, develop, and optimize web applications and integrate AI models, ensuring alignment with project goals and timelines.
- Enhanced application performance over 20% through efficient code refactoring and database optimization.

General Manager, *Thirteenth Floor Entertainment, LLC* 2023 - Present

- Lead cross-functional team of 35 employees using technical experience to optimize operational process, scheduling, inventory management, and public presentation.
- Responsible for financial performance, developing and meeting budgets, expense control, technical analytics, as well as hands-on-day-to-day execution of operations/planning.

Director of Business Analytics, *Pearson Global* 2021 - 2023

- Managed an international team in Toronto of 12 analysts to streamline royalty processing with Python and SQL, reducing company royalty debt.
- Applied Agile methodologies to implement international technical solutions, improving profit margins.

Senior Product, Business, and Data Analyst, *Zions Bancorporation, Pulte Mortgage* 2008 - 2021

- Automated reporting and optimized financial models using Python, SQL, JavaScript, and C++, enhancing efficiency and decision-making.
- Spearheaded software-driven process improvements, increasing revenue by \$165M and reducing costs across departments.

EDUCATION

App Academy, *Computer Science, Full Stack Development* 2023

Colorado State University, *Master of Finance* 2019

University of Illinois at Urbana-Champaign, *Bachelor of Science in Business Administration* 2007
