PROJECTS

BoundTogether, *Full Stack Developer* - React | Python | Flask | SQL Alchemy   [Live](#) | [GitHub Repo](#)
A book exchange platform that allows users to manage their personal libraries, search and browse books, and create exchange requests for borrowing or lending books.
• Implemented personal library management with full CRUD functionality using React, Flask, and SQL Alchemy.
• Designed an intuitive user interface with a consistent left navigation bar and modern color scheme for usability.

HomeHopper, *Full Stack Developer* - React | Sequelize | Express | PostgreSQL   [Live](#) | [GitHub Repo](#)
A full-stack Airbnb clone that allows user to list, book, and manage vacation properties.
• Built property listing and booking features using React, Redux, Express, and Sequelize.
• Implemented secure user authentication and session management with Express and bcrypt.

EXPERIENCE

General Manager   2023 - Present
Thirteenth Floor Entertainment, LLC
•Lead cross-functional team of 35 employees using technical experience to optimize operational process, scheduling, inventory management, and public presentation.
•Responsible for financial performance, developing and meeting budgets, expense control, technical analytics, as well as hands-on-day-to-day execution of operations/planning.

Director of Business Analytics   2021 - 2023
Pearson Global
• Managed an international team in Toronto of 12 analysts to streamline royalty processing with Python and SQL, reducing company royalty debt.
• Applied Agile methodologies to implement international technical solutions, improving profit margins.

Senior Product, Business, and Data Analyst   2008 - 2021
Zions Bancorporation, American Financing, Pulte Mortgage
•Automated reporting and optimized financial models using Python, SQL, JavaScript, and C++, enhancing efficiency and decision-making.
• Spearheaded software-driven process improvements, increasing revenue by $165M and reducing costs across departments.
• Led cross-functional teams to deliver scalable, compliance-focused solutions in Agile environments while mentoring analysts.
